Intellicom Academy

Train staff and customers on your own platform

Intellicom Academy is a learning platform for building courses, running classes and issuing certificates. It replaces scattered videos, documents and spreadsheets with one place where learners study and you can see their progress.

MADE FOR

- Training companies and colleges
- HR and compliance teams
- Businesses training customers or resellers
- Professional bodies and associations

WHAT YOU CAN DO

Put it to work from day one

01 Build courses from chapters and lessons with videos, PDFs, slides and quizzes

02 Run cohort-based batches with start and end dates, seat limits and instructors

03 Schedule live classes for a batch through Zoom or Google Meet

04 Test learners with quizzes and assignments reviewed by evaluators

05 Issue certificates automatically on completion, or in bulk for a whole batch

06 Charge for a course, a batch or just the certificate

GETTING STARTED

How we get you running

01

Discover

We learn how your business runs today and agree what the system must do.

02

Configure

We set it up around your processes, documents and approvals.

03

Move and train

We bring your existing data across and train the people who will use it.

04

Go live and grow

We switch you over, stay close in the first weeks and add more as you grow.

THE INTELLICOM SERVICE

We run it, you use it

Hosted for you

Runs on Intellicom-managed servers in South Africa, so your data stays in the country and there is nothing to install.

Set up around your business

We configure it to match how you already work and bring your existing data across.

Looked after

Backups, updates and monitoring are handled by our team, so your people can get on with their jobs.

Training and local support

We train your team and stay on call, with support from people in Cape Town who know your system.
