Intellicom Shop

Sell online from the stock you already hold

Intellicom Shop is an online store built directly on top of Intellicom ERP. Products, stock levels, billing and orders live in one system, so the shop never drifts out of step with the business behind it.

MADE FOR

- Wholesalers and distributors selling online
- Retailers with stock already in Intellicom ERP
- Manufacturers taking direct orders
- Small businesses launching a first online store

Intellicom IT (Pty) Ltd · pmalan@intellicom.org.za · 087 378 1162 · WhatsApp 068 609 2769 · intellicom.org.za

WHAT YOU CAN DO

Put it to work from day one

01 Publish products with descriptions, images and variants to a web store

02 Show customers live stock availability as inventory changes

03 Accept card and online payments through supported payment providers

04 Let customers register accounts and keep their details for faster checkout

05 Let customers track the status of their orders

06 Collect customer reviews and ratings on products

INSIDE THE PRODUCT

Key features

Catalogue

- Add, edit and manage products
- Product descriptions and images
- Product variants
- Inventory counts per product
- Real-time stock updates

Customer experience

- Customer accounts with saved information
- Cart and wishlist so shoppers can return to items later
- Advanced search and product filters
- Customer reviews and ratings
- Order status updates for customers

Payments and back office

- Payment options through PayPal and Stripe
- Inventory, billing and order processing managed in one system
- Orders flow into Intellicom ERP
- Simple interface for building an effective store

BETTER TOGETHER

Works with your other Intellicom systems

Intellicom ERP
Inventory, billing and order processing are managed together with the store, so orders and stock stay in one system.

Intellicom Payments
Online payment gateways are provided through the payments integrations.

GETTING STARTED

How we get you running

01

Discover

We learn how your business runs today and agree what the system must do.

02

Configure

We set it up around your processes, documents and approvals.

03

Move and train

We bring your existing data across and train the people who will use it.

04

Go live and grow

We switch you over, stay close in the first weeks and add more as you grow.

THE INTELLICOM SERVICE

We run it, you use it

Hosted for you
Runs on Intellicom-managed servers in South Africa, so your data stays in the country and there is nothing to install.

Set up around your business
We configure it to match how you already work and bring your existing data across.

Looked after
Backups, updates and monitoring are handled by our team, so your people can get on with their jobs.

Training and local support
We train your team and stay on call, with support from people in Cape Town who know your system.
